MINUTES

INTELLIGENCE DEFINITIONS WORKING GROUP

29 November 1977

PROCEDURAL ITEMS

1. The DIA member reported that the glossary of US-Soviet terms which he had been asked to examine had no relevance to the Working Group's objective.

2. The State member noted several typos or inconsistencies in the cumulative list of 22 November. Corrected items are asterisked in the list of 29 November.

3. NSA and Army each submitted lists of glossaries containing intelligence terms.

4. The IHC member proposed a graphic showing relationships among terms. The Chairman called for its further development, noting that it could add to the Working Group's eventual product.

MINUTES

1. The Chairman opened the meeting by calling for a continuation of the CIA and FBI lists. These were completed and, along with a completed Air Force list and two definitions from State, were added to the Working Group's approved list. It was noted that the approved list failed to include Intelligence Information--approved at a previous meeting--and that was also added.

2. The Chairman noted that the eventual foreword to the glossary should explain the distinction made between Technical Information and Technical Intelligence Information.

3. The agenda for the next meeting will focus on the original OPP list, the NSA list (attached for absent members), and the list from the Airborne Mix Report.

STAT

Noting his own unavailability, the Chairman asked Mr. [redacted] to conduct the next meeting.

4. The next meeting of the Working Group will begin at 1329 on Tuesday, 6 December 1977, Room 5S09, CHB.
